

2022-2023 Photo, Print Media & Social Media Opt-Out Form

St. Ignatius Catholic School is making a concerted effort to promote the positive activities, honors and work of our students and staff members. This includes working cohesively with local newspapers, radio and television stations as well through social media. Additionally, the school produces print media and digital projects periodically utilizing the school's website. These publications may include information, likenesses, names and images of students. Throughout the year there are many opportunities for St. Ignatius Catholic School's students to be photographed, interviewed and identified by name, classroom or school.

Some parents/guardians may request that we do not list the name(s) of their child(ren) with photos. Please Note: Your child's image or likeness MAY appear in candid photos without any type of name identification, and the use of these candid photos is permissible. Additionally, this photo release form does not apply to photographs taken during extra-curricular activities by newspapers or parents. The School cannot control that situation. If you wish to EXCLUDE your child's photograph or image from district-controlled use, please indicate below and mail or bring this form to St. Ignatius Catholic School. You may list all children in your family on one form. You have granted St. Ignatius Catholic School permission to publish your child's photo unless this form is returned. You do not need to return this form unless you wish to exclude your child's photo. Please email Ms. Miller if you have any questions.
